

# Long Furlong Primary School

## PE and Sport Funding, 2015-16

The government is providing additional funding to improve provision of physical education (PE) and sport in primary schools. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this. For the academic year 2015-16, Long Furlong received £9,035.

At Long Furlong:

- All children receive high quality teaching of PE, delivered by a specialist teacher for children between Years 1 and 6. In order to ensure that the teaching of PE is of the highest standard, those delivering the PE curriculum have access to extensive training and development opportunities. Many of these are provided by the local school sports partnerships and funded through the use of the Sport Premium.
- The Specialist teacher attends CPD courses and local PE meetings. The cost of these are met through the Sports Premium.
- A wide range of extra-curricular sports clubs are offered; in 2015/16 these included football, golf, tennis, table tennis, netball and athletics. In order to engage as many children as possible these clubs are often provided free of charge or subsidised using the Sport Premium.
- The school holds regular (termly) intra -school sports competitions (Level 1). In 2015-16 these included competitions and festivals in the following sports: cross country, athletics, football and a multi-sports event for children in Key Stage 1 and Reception. All children are expected to take part and represent their house team. Sports Premium funding is used to cover the cost of staff time and the hire of equipment necessary.
- The school sports calendar culminates in a school Sports Day. All children at the school participate in the event, representing their house team. The event is held on the athletics track at Tilsley Park. All costs associated with our sports day are funded through the Sport Premium.
- The school participates in a wide range of inter-school sports competitions. In 2015-16 the school was represented in Level 2 (Local . Abingdon and District . Vale) and Level 3 (County . Oxfordshire) events across a very wide range of sports including cross country running, football, cricket, tag rugby, tennis, table tennis, badminton, golf, sports hall athletics, quad kids, netball and swimming. All costs associated with participation in the events - including membership of the relevant School Sports Partnerships, transports costs, cost of releasing staff to accompany our pupils - are funded through the use of the Sport Premium.

Finally, I'm delighted to inform you that in recognition of our commitment, engagement and delivery of competitive sport we were, again, awarded the Sainsbury School Games **GOLD MARK** in 2015-16.
